

HAVE YOU HEARD ABOUT SMART WATER?

- It is a water based solution which contains a unique forensic code – use it to identify your property.
- If your marked property is stolen and found by the police, it is more likely to be returned to you.
- It has 100% conviction rate when used as court evidence.
- Effective deterrent - Research shows that 75% of burglars would not break in to a property/area with Smart Water signs on display.
- One bottle could mark 80 of your possessions.
- Each bottle is UNIQUE to your property when you register.
- This scheme has shown a reduction in burglary of up to 50% in some trial areas.

Please read more about it here:

SHOULD OUR COMMUNITY JOIN THIS SCHEME??

- We need to purchase a minimum of 100 bottles in order to benefit from the reduced rates.
- If 75% of properties in a village join the scheme we would also then get free signage for our village from Gwent Police (which apparently deters burglars from the area!)

HOW MUCH?

- One bottle plus door stickers are **£9.95** if we buy in bulk and register via Gwent Police (or you can buy your own bottle online for £57)

HOW DO YOU REGISTER?

- Once we know we have enough interest, we will hold a village meeting with Gwent Police (when they will explain the full details), you can come and purchase your Smart Water and register.

WHEN?

- Date to be confirmed before February 2024.
- Email clerk: d.davies@llangybi.org
